The Partner will consistently strive to maximise the Outputs and minimise the costs.

The Partner confirms that the Costed Outputs Table below and the Costed Workplan represent its current best estimate of the costs to deliver the Outputs.

The Partner will regularly review the Costed Workplan (and not less than at the times set out in the Milestones and Payments Table in section 6 below) and update it to incorporate the actual costs to date and its then best estimate of the forecast costs to deliver the Outputs, and provide the revised Costed Workplan for consideration and approval by MFAT.

MFAT will consider the revised Costed Workplan in its sole discretion. Subject to the other conditions of this Arrangement, MFAT will consider approving amendments to the revised Costed Workplan:

- b) that do not reduce the Outputs to be delivered;
- c) where the amount of the Non-Output specific costs does not exceed the amount shown in the Costed Output Table below by more than 10%; and
- d) where the Maximum Funding Amount is not exceeded.

If there is any inconsistency between the Costed Outputs Table and the Costed Workplan, the latter will prevail.
