**Live & Learn** is an network of local Non-Government Organisation working across 12 countries in the Pacific. The purpose of Live & Learn is to localise development efforts and supporting people in building resilience to climate change, sustain ecosystems maintain healthy communities.

**SPREP** is a regional, intergovernmental organisation comprising 26 members consisting of 21 Pacific Island Countries and Territories and five developed countries with direct interests in the Pacific region. The purposes of SPREP are to promote co-operation in the Pacific region and to provide assistance in order to protect and improve its environment and to ensure sustainable development for present and future generations.

**Whereas** SPREP and Live & Learn have mutual interests in relation to the protection of the environment and developing and strengthening systems, institutions, organisations and individuals concerned with environmental protection in the Pacific region.

**The Parties** have reached the following understandings:

#### 1. Objectives

1. The main objective of this Memorandum of Understanding (MOU) is to provide a framework of co-operation between SPREP and Live & Learn.
2. Within this framework the Parties will consult in an effort to collaborate on the activities they identify as requiring implementation.

#### 2. Collaborative Activities

1. The Parties agree, to the extent possible, but without limitation, to:
  - a) Consult each other on policy matters of mutual concern.

- b) Exchange information on developments and current activities in relation to the environment.
  - c) Extend to each other standing invitations to be represented by observers at appropriate meetings, including the annual SPREP Meeting and to co-sponsor relevant meetings.
  - d) Collaborate and support awareness-raising efforts in relation to the environment.
  - e) Collaborate on the implementation of global and regional priorities in relation to the environment.
  - f) Collaborate and support capacity-building initiatives relation to the environment.
  - g) Keep respective memberships informed of co-operative activities undertaken pursuant to this MOU.
2. The above list is not exhaustive and should not be taken to exclude or replace other forms of cooperation between the Parties on other areas of mutual interest.
  3. The Parties' cooperation and collaboration in the above areas and on activities agreed to between the Parties shall be subject to the respective mandate, objectives, functions, policies and procedures of the Parties.
  4. The Parties will develop a joint Work Plan which will guide their engagement and implementation of agreed activities of collaboration. The Work Plan will be attached to the MOU in the Annexes and will constitute an integral thereof. The Work Plan will be jointly reviewed on a regular basis as determined by the Parties. Amendments to the work plan will be made as an outcome of the regular meetings between the Parties.

### **3. Mechanisms for coordination and review**

1. The Parties shall hold regular meetings on matters of common interest, in accordance with an agenda agreed to in advance by the Parties, for the purpose of developing and monitoring collaborative activities, projects and programmes.
2. To implement activities, projects and programmes in the agreed priority areas, the Parties shall execute separate formal agreements appropriate for the implementation of each activity.

### **4. Acknowledgement, Use of Institutional Emblems, and Publication**

1. The Parties shall take appropriate action to acknowledge each Party's contributions to any activities under this MOU in all outputs, in any information given to the press or media, in notifications and reports to the donors or beneficiaries, as well as on their public websites, professional, and social networks.
2. Any use of emblems of each Party in documentation related to cooperation will be in accord with the current policies of such Party concerning such usages.
3. This MOU and any information related to it may be disclosed to the public by either Party in accordance with that Party's disclosure policy.

### **5. Confidentiality**

1. Each Party shall keep in strict confidence all Confidential Information obtained from or disclosed by the disclosing Party pursuant to or in connection with this MOU and shall not disclose or permit its representatives to disclose such information to any third party unless such disclosure is mutually agreed by the Parties or is otherwise required in accordance with the Partner's Disclosure Policy.
2. Where the Parties are required to disclose Confidential Information by law or pursuant to a judicial order, the Parties agree to provide each other with prompt written notice so that they will have an opportunity to obtain a protective order or take such other appropriate action to assert their privileges and immunities.
3. Each Party shall take all reasonable precautions to ensure that this MOU and/or the information contained herein shall not be disclosed to any non-affiliated third parties, unless otherwise agreed to in writing between the Parties.
4. "Confidential Information" means all information identified as confidential or proprietary by the disclosing Party or that ought reasonably under the circumstances to be treated as confidential or proprietary.

#### **6. Integrity, Ethics, Environmentally and Socially Sustainable Practice**

1. The Parties recognize their mutual commitments to ensure integrity and ethics in all its operations and expect all staff, consultants, contractors or other partners or representatives working with either Party or in any of the activities under or connected to the MOU to promote and adhere to the highest ethical standards.
2. Each Party undertake to comply with and ensure that all aspects of the activities under this MOU are carried out in accordance with their policies. The Parties undertake to take all necessary action to prevent and detect such activities prohibited under the Policy within its organization and its activities and operations, and to pursue, by all appropriate means, any such practices whenever identified. Each Party undertakes to promptly inform the other Party of any allegation or finding of practices prohibited under the Policy in connection with the activities under or related to this MOU.
  - a. Live & Learn policies are available at <https://livelearn.org/about-us/policies/>
  - b. SPREP's policies available on <https://fagogo.sprep.org/policies> including the SPREP Values and Code of Conduct <https://library.sprep.org/sites/default/files/sprep-organisational-values-code-of-conduct.pdf>, as applicable.
3. The Parties shall, in the course of or in relation to this MOU, make their best efforts in good faith to refrain from any act or omission that would be environmentally and socially harmful, and at all times be in compliance with all environmental, health and safety laws of relevant jurisdictions and observe any applicable international environmental, health and safety conventions and agreements. For this purpose, each Party shall endeavour to ensure that all aspects of the activities under this MOU are carried out in accordance with their policies.

#### **7. Commitment to both Parties principles and values**

1. Both Parties agree to respect each other's constitutional principles and values and warrant that nothing in its governance or operational activities, or those of its affiliates, is incompatible with the other party's constitutional mandate, principles and policies, or with internationally recognized principles concerning human rights, the environment and anti-corruption.

2. Both Parties confirm that it has in place appropriate and effective mechanisms to prevent and address conduct incompatible with its core values. Furthermore, both Parties undertake to promptly inform the other of allegations against its employees and any other persons involved in the implementation of activities in relation to this MoU and which have been found to be credible under their respective mechanisms.

#### **8. Risk Management**

1. Each Party shall apply their risk management framework to ensure that any potential impact of risks to operations and performance are identified, assessed and minimised proactively so that results and outcome achievement is optimised.
2. Risks can be classified as strategic, political, reputational, operational, project, and programme related, environmental, organisational, financial, and compliance in nature.

#### **9. Operational Provisions**

1. This MOU constitutes an expression of a shared intention of the Parties to endeavour to develop foundations for achieving their shared objectives relating to the protection of the environment and developing and strengthening systems, institutions, organisations and individuals concerned with environmental protection in the Pacific region.
2. Each Party's actions under this MOU shall be considered to be that Party's sole and separate action for all purposes, including liability, and neither Party shall claim to be acting on behalf of, or as agent for, the other Party to this MOU.
3. Each Party will name and keep updated focal points to co-ordinate the cooperation called for in this MOU.
4. In executing this MOU, neither Party necessarily commits to any financial obligation in relation to activities to be carried out under this MOU.

#### **10. Annexes**

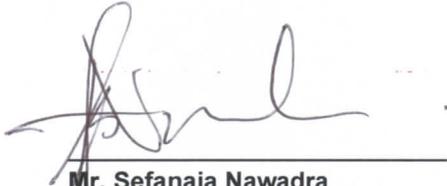

1. Specific work once agreed to may be attached as an Annex to this MOU.
2. Such Annex shall form an integral part of this MOU and, unless expressly provided otherwise, a reference to this MOU includes a reference to any such Annex.

#### **11. Duration, entry into force, amendments and termination**

1. The duration of this MOU shall be five years, renewable for such further period and as may be agreed between the Parties.
2. This MOU shall enter into force on the date the last Party signs.
3. This MOU may be amended by agreement in writing between the Parties.
4. Either Party may terminate this MOU by giving three months' written notice to the other.

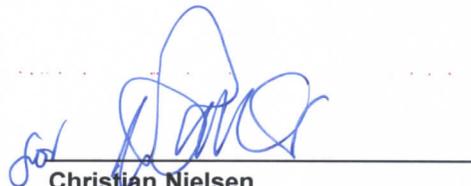

**IN WITNESS WHEREOF**, the undersigned, being duly authorized thereto, have signed the present MOU in the English language, in duplicate on the dates specified below:

**Mr. Sefanaia Nawadra**  
Director General  
SPREP

Date: 23/05/24

**Christian Nielsen**  
Executive Director  
Live & Learn Pacific Network

Date: 23 May 2024

**ANNEX 1  
FRAMEWORK FOR COLLABORATION**

Thematic areas	Thematic collaboration	Specific programme of work
<b>Biodiversity</b>	<p><b>Key Strategies:</b></p> <ul style="list-style-type: none"> <li>• Implement ecosystem-based approaches to biodiversity conservation.</li> <li>• Strengthen protected area networks and promote sustainable land and sea management practices.</li> <li>• Enhance biodiversity monitoring, research, and data sharing.</li> <li>• Promote community participation and traditional knowledge in biodiversity conservation efforts.</li> <li>• Address threats to biodiversity, such as habitat loss, invasive species, climate change, and unsustainable resource extraction.</li> </ul>	<p><b>Capacity and Capability:</b></p> <ul style="list-style-type: none"> <li>• Collaborate on developing capacity-building programs to enhance skills and knowledge in nature-based solutions and ecosystem restoration.</li> <li>• Collaborate to provide training opportunities for conservation practitioners, policymakers, community leaders, and other stakeholders to support nature-based approaches.</li> </ul> <p><b>Communication and Outreach: -</b></p> <ul style="list-style-type: none"> <li>• Collaborate on developing strategies to raise awareness about the benefits of nature-based solutions and engage the public in conservation efforts.</li> <li>• Utilise and collaborate on traditional and digital media platforms to disseminate information and promote nature-based solutions as a viable approach to environmental management.</li> </ul>
<b>Climate Change</b>	<p><b>Key Strategies:</b></p> <ul style="list-style-type: none"> <li>• Implement climate-smart policies and practices to reduce emissions and build resilience.</li> <li>• Enhance disaster preparedness and response capabilities to cope with extreme weather events.</li> <li>• Promote renewable energy, energy efficiency, and sustainable land and water management practices. Integrate climate considerations into development planning and decision-making processes.</li> <li>• Support community-based adaptation initiatives and traditional knowledge systems.</li> </ul>	<p><b>Capacity Building:</b></p> <ul style="list-style-type: none"> <li>• Collaborate on developing capacity-building programs to enhance skills and knowledge in climate change adaptation and mitigation.</li> <li>• Collaborate to provide training opportunities for government officials, community leaders, and other stakeholders to build resilience to climate impacts.</li> </ul> <p><b>Communication and Outreach:</b></p> <ul style="list-style-type: none"> <li>• Collaborate to provide communication strategies to raise awareness about climate change impacts and solutions.</li> <li>• Engage the public through education campaigns, community consultations, and outreach activities to build support for climate action.</li> </ul>
<b>Nature-Based Solutions</b>	<p><b>Key Strategies:</b></p> <ul style="list-style-type: none"> <li>• Implement ecosystem restoration projects to enhance biodiversity, improve water quality,</li> </ul>	<p><b>Capacity and Capability:</b></p> <ul style="list-style-type: none"> <li>• Collaborate to provide capacity-building programs to enhance skills and</li> </ul>

	<p>and mitigate climate change impacts.</p> <ul style="list-style-type: none"> <li>• Promote sustainable land and water management practices that support ecosystem health and resilience.</li> <li>• Integrate nature-based solutions into urban planning, infrastructure development, and disaster risk reduction efforts.</li> <li>• Support community-based conservation initiatives and traditional knowledge systems for sustainable resource management.</li> <li>• Advocate for policy and regulatory frameworks that prioritize nature-based solutions and ecosystem services.</li> </ul>	<p>knowledge in nature-based solutions and ecosystem restoration.</p> <ul style="list-style-type: none"> <li>• Collaborate to provide training opportunities for conservation practitioners, policymakers, community leaders, and other stakeholders to support nature-based approaches.</li> </ul> <p><b>Communication and Outreach:</b></p> <ul style="list-style-type: none"> <li>• Collaborate to provide strategies to raise awareness about the benefits of nature-based solutions and engage the public in conservation efforts.</li> <li>• Utilise traditional and digital media platforms to disseminate information and promote nature-based solutions as a viable approach to environmental management.</li> </ul>
